PROFESSIONAL SUMMARY

UI/UX Designer with 4+ years of experience shipping **enterprise and AI products** end to end, from discovery to handoff. Owns **research, interaction, and visual design** while partnering with PMs and engineers. Integrates AI tools (**Claude Code, VS Code with Codex and GitHub Copilot, Figma Make**) into daily workflows to compress prototyping, spec writing, and engineering handoff. Focused on **measurable outcomes** and **design systems** that scale.

CORE SKILLS

Design & Research: User Research, Personas, Journey Mapping, Information Architecture, Usability Testing, A/B Testing, Stakeholder Interviews, Competitor Analysis, Wireframing, Rapid Prototyping, UI Design, Visual Design, Interaction Design, Design Systems, Accessibility (WCAG)

AI Augmented Design: Claude Code, Cursor, VS Code (Codex, GitHub Copilot), Figma Make, Antigravity, Claude MCP, Prompt Engineering for Design Workflows

Tools: Figma, Sketch, Adobe XD, Photoshop, Illustrator, Miro, FigJam, Notion, VS Code, Git

WORK EXPERIENCE

Senior Digital Solution Designer

Sep 2025 to Present

Divami Design Labs - Hyderabad, India

- Built a shipped **invoice evaluation workflow** that uses **ML based validation** to automatically check invoices, identify mismatches, and send exception cases for manual review, reducing manual review effort by around **30% in each cycle**.
- Integrated **Claude Code, VS Code (Codex, GitHub Copilot) & Figma Make** into daily design workflow, reducing prototype to spec handoff time by an estimated **40%**.
- Designed an **AI-powered Third-Party Risk Management (TPRM) workflow** that automated vendor onboarding, continuous risk monitoring, and compliance tracking, reducing manual assessment effort by up to **95%** and accelerating vendor onboarding by **70%**.
- Built a reusable **Claude MCP prompt library** for research synthesis, spec writing, and accessibility checks, saving an estimated **4 to 6 hours per design cycle**.

UI/UX Designer & QA Tester (Freelancer)

July 2024 to Dec 2024

IT Tree Limited - London/Remote

- Owned manual QA testing for online betting platforms, with focus on the **Payment** and **Account** modules - wrote and executed test cases, ran regression cycles, and logged defects through to resolution to safeguard transaction integrity and account security across regulated user flows.

- Ran **integration testing** for door manufacturing enterprise, validating data flow across connected systems and surfacing cross-module defects before production release.
- Brought a designer's eye to QA cycles, surfacing usability, accessibility, and edge-case issues that fed back into product design iterations and tightened the QA to design feedback loop.

UI/UX Designer

July 2023 to March 2024

Krishnaag Business Enterprise (IT Tree Limited) - London United Kingdom

- Designed an **e-commerce platform and a healthcare platform** based on insights gathered from **10+ user interviews** and **multiple stakeholder discussions**, helping shape key product features and improve the overall user experience.
- Conducted usability testing sessions with **8-10 target users** per round and used the findings to improve the main user journeys through multiple design iterations.

UX Designer

Dec 2019 to Oct 2021

Zemoso Technologies - Hyderabad, India

- Created and maintained **10+ design systems** used by a team of **10–15 designers**, helping improve UI consistency across **3 different products**.
- Designed end to end flows for **3 enterprise products** - a fintech platform, an AI call monitoring product, and a virtual home renovation product.
- Created **5+ design playbooks** to support junior designers and mentored **4 design interns** on design systems and Figma workflows.

Visual Designer (Freelancer)

Feb 2018 to Sep 2019

Teestory.in - Hyderabad, India

- Designed website and mobile app interfaces across **12+ core screens**, analyzed sales patterns and designed apparel collections aligned to top performing styles, **increasing sales by 27%** over the campaign period.

UI/UX Designer (Intern)

Jun 2017 to Aug 2017

YuppTV Pvt. Ltd - Hyderabad, India

- Designed user interfaces aligned with brand guidelines across **2 product modules**, recognized by the design team for innovative solutions and fast iteration on stakeholder feedback.

EDUCATION

Diploma in Digital Service Design (UX Focus)

Brunel University London, United Kingdom - 2023

Bachelor of Design (Graphic and UI Focus)

Lovely Professional University, Punjab, India - 2020
